

## **PRESS STATEMENT: THE COURT RULING ON KALPA'S INDUSTRIAL ACTION**

Kenya Airways welcomes the decision by the Employment and Labour Relations Court directing immediate resumption to work by all pilots by 6 am, 9th November 2022. We thank the Court for the expeditious ruling that now allows KQ to resume its normal operations. We commit to complying with the Court's directions.

We sincerely apologise to all our passengers and cargo customers for the inconvenience and disruption. We assure them that we will do everything possible to return to normalcy in the shortest time.

We would also like to thank all our staff who have worked long hours and tirelessly to assist customers over the last four days. We appreciate their hard work and sacrifice.

The path to recovery will be difficult and will require the airline to re-double its efforts to restructure, lower costs and increase staff productivity as well as recover the time, money and reputation lost.
